HSHS SACRED HEART HOSPITAL
EDUCATION CONFERENCE
PLANNING COMMITTEE

Tari Kennedy, MSN, RN, APNP, CCRN, CNRN
Hannah Schroeder, MSN, RN, PCCN
Chris Zimmerman, MSN, RN, CNRN

CNE is being awarded through St. John’s College, Department of Continuing Education. St. John’s College, Department of Continuing Education is accredited as a provider of continuing nursing education by the American Nursing Credentialing Center’s Commission on Accreditation.
6.75 CE are awarded for successful completion of this full activity.
Approval for this activity begins May 16, 2018, and expires May 16, 2019.
Registered participants must attend the full activity and complete the provided evaluation to be awarded contact hours.
No individuals in a position to control content (planning committee or presenters) report any relevant disclosures or conflict of interest.

Target Audience:
RNs, APRNs, Paramedics, EMTs and other allied health professionals

Wednesday, May 16, 2018
HSHS Sacred Heart Hospital
Monsignor Klimek Auditorium
Learning Outcomes
Participants will demonstrate an increased ability to:

• Integrate knowledge of best practice guidelines into daily practice.
• Incorporate advanced critical thinking skills in daily practice through rapid identification of changes in patient status or outcomes and related risk for cardiac instability secondary to illicit drug use.
• Impact patient care outcomes through assimilation of existing and newly identified concepts.

Teaching Methods and Learner Engagement Strategies
• Lecture
• Case study
• Problem-based learning
• Use of audio and visual aids
• Question and answer

Who should attend:
The target audience for this program is RNs, APRNs, Paramedics, EMTs and other allied health professionals.

Note: There is a significant focus on the cardiovascular impact of illicit drug use. Additionally, information regarding the current regional trends and impact of illicit drugs will be discussed.
